Matrice 3

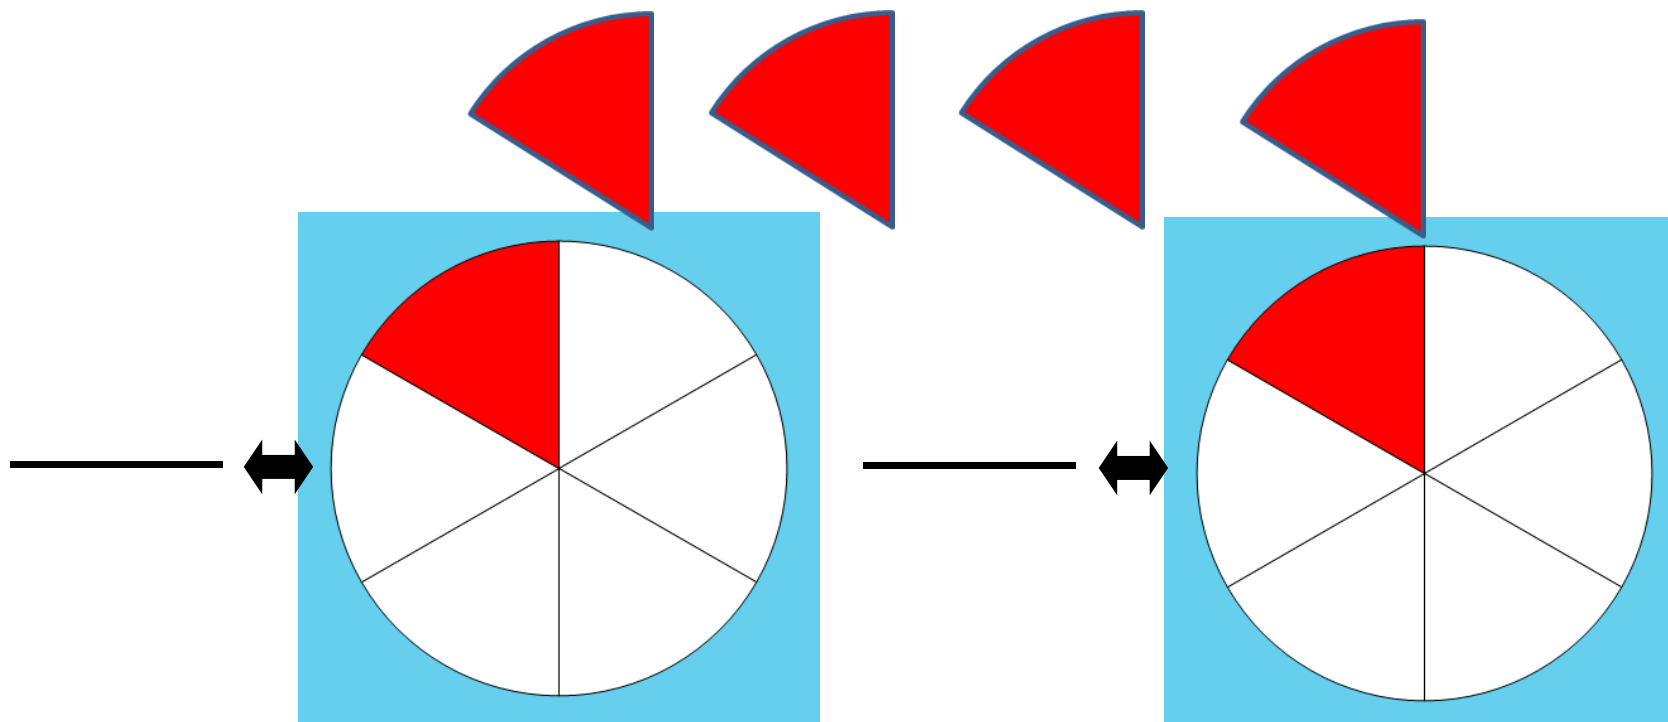

Fractions

Fais glisser les parts et les nombres pour que les fractions correspondent.

1 2 3 3

Matrice 4

Fractions

Fais glisser les parts et les nombres pour que les fractions correspondent.

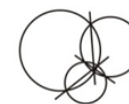

2 4 5 8

Diagram illustrating a fraction matching activity. Two circles are shown, each divided into 8 equal sectors. The left circle has 3 sectors shaded red, and the right circle has 4 sectors shaded red. Above the circles are five red circular sectors of different sizes, and four blue squares containing the numbers 2, 4, 5, and 8. Arrows indicate that the sectors and numbers can be moved to match the fractions represented by the shaded parts of the circles.

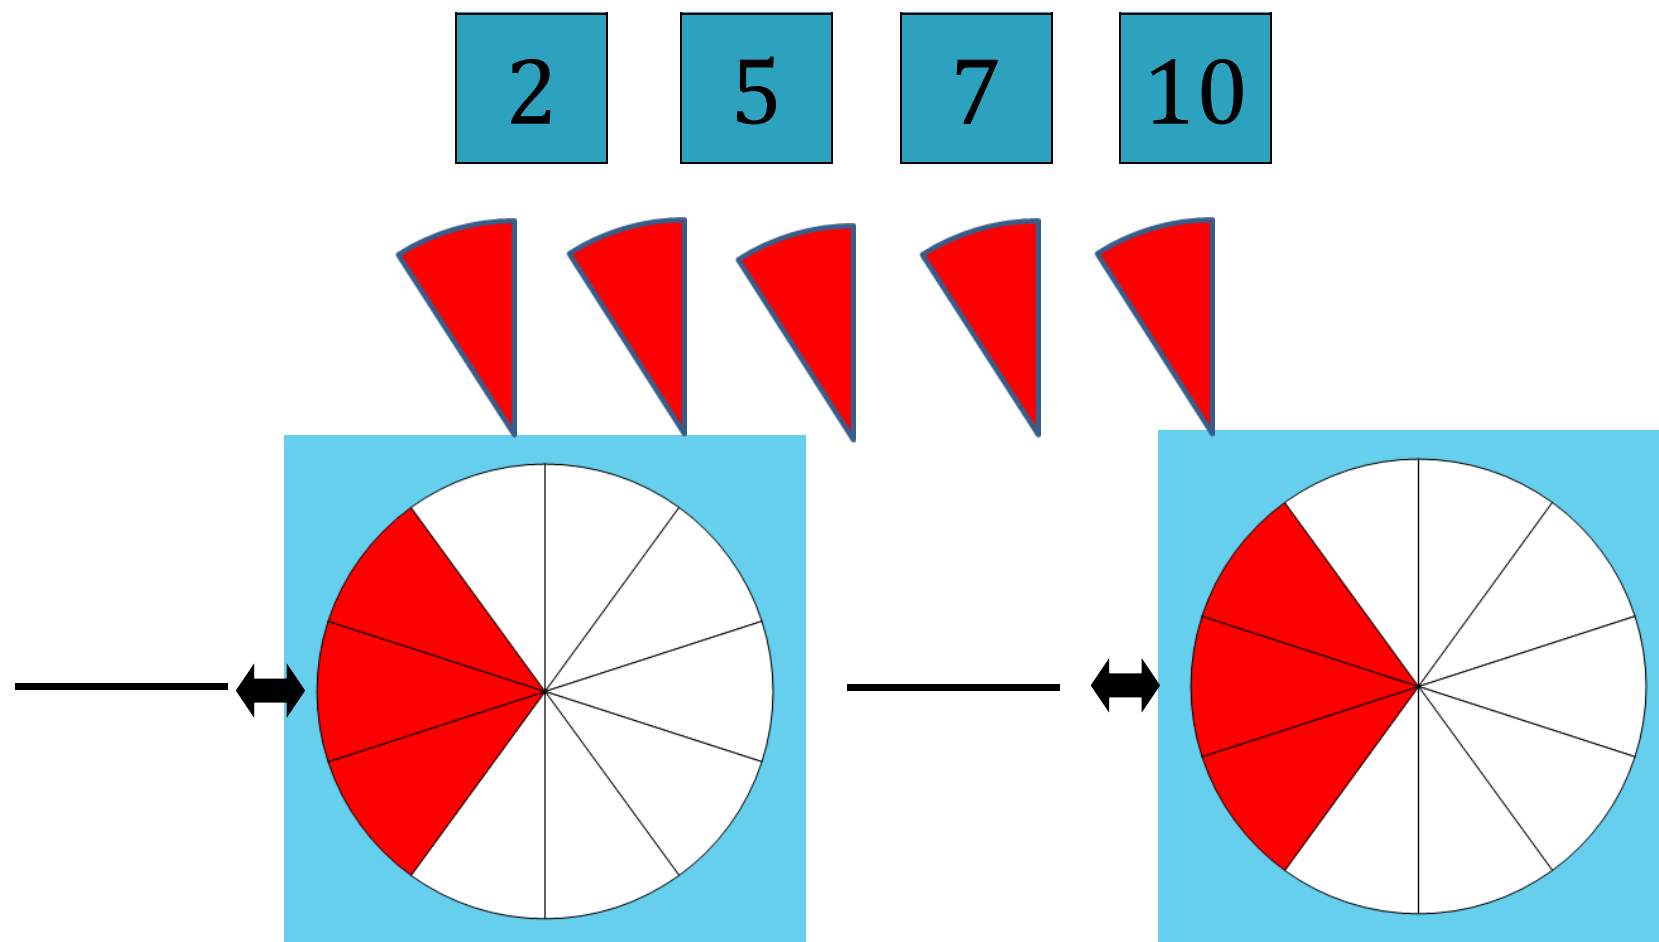

Matrice 5

Fractions

Fais glisser les parts et les nombres pour que les fractions correspondent.

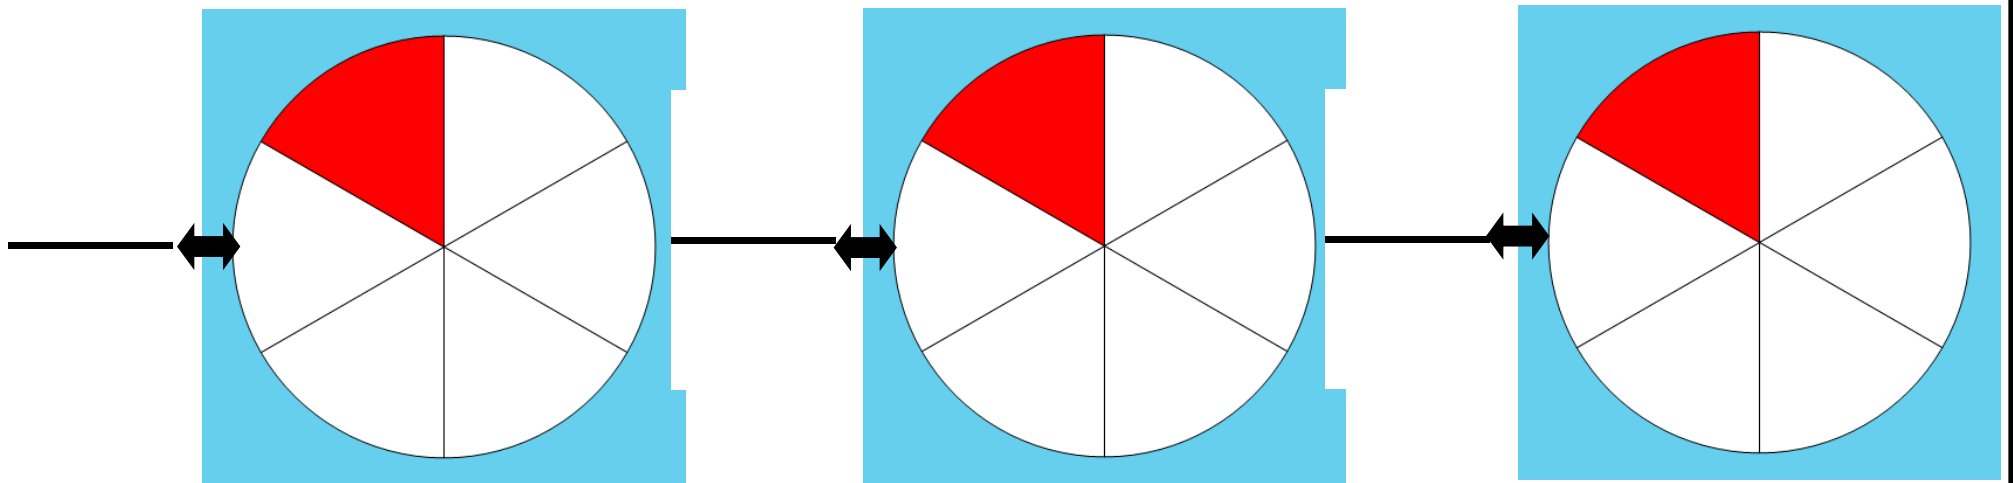

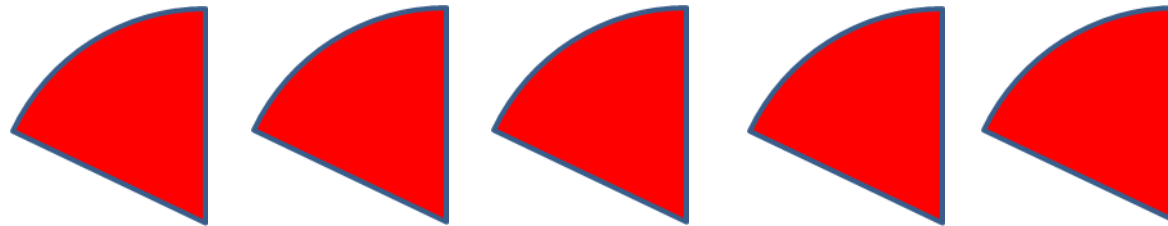

Fractions

Fais glisser les parts et les nombres pour que les fractions correspondent.

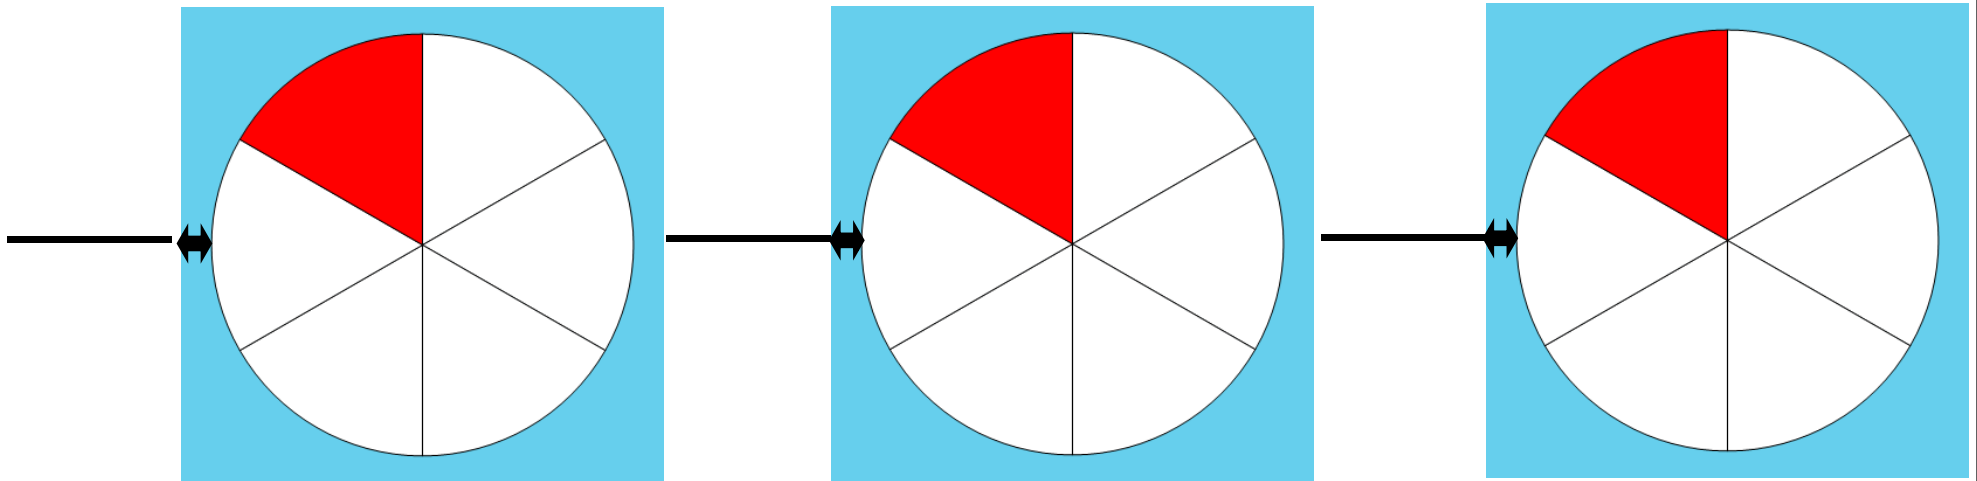

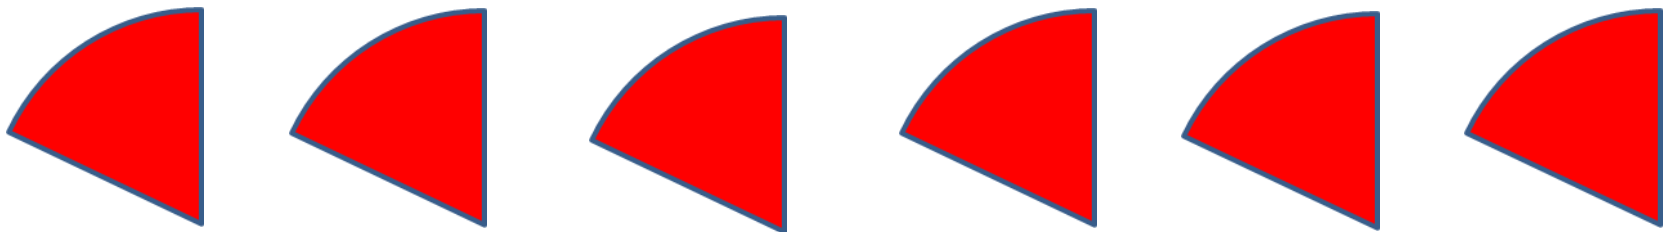

Matrice 7

Fractions

Fais glisser les parts et les nombres pour que les fractions correspondent.
